

# U.S. Commercial Service

Madellon C. Lopes is the Senior Trade Specialist of the U.S. Commercial Service, in Toronto, Ontario, Canada.

Madellon Lopes has over twenty years of experience in assisting U.S. companies market their products and services in the Canadian market. She specializes in assisting companies in the transportation and automotive aftermarket sectors, advanced materials, chemicals and plastics. Secondary sectors include, energy, electrical power systems, renewable energy equipment, medical/healthcare, biotechnology, mining and mineral production, apparel and textiles, agricultural and food related products, and marine equipment. Her knowledge of the Canadian market enables her to speak knowledgeably on other industry sectors and on all aspects of exporting.

Ms. Lopes regularly provides overviews of export opportunities in the various regions of Canada and the methods and strategies of getting your products into the Canadian market.
